MOBILIZE EXHIBITS AT VIVA TECHNOLOGY: TOWARDS SUSTAINABLE AND RESPONSIBLE MOBILITY

**Paris Expo Porte de Versailles
Hall 1, Booth E11
#wearemobilizers**

**At VIVA Technology, from June 16 to 19 2021, Mobilize will present its vision for a more sustainable and responsible mobility for all;
Or how to act together on the whole ecosystem of mobility to improve the quality of life of everyone.**

In a sustainable world, tomorrow's mobility should be intelligent, greener, better shared and more accessible, for everyone and everywhere.
Mobilize goes beyond automotive and encourages the ecological transition through flexible and sustainable mobility and energy solutions, oriented towards usage.

At VIVA Technology, Mobilize will be presenting a full value chain, including existing and forthcoming solutions, to facilitate the adoption of electric vehicles, enable better energy management, offer a second life to batteries and recycle them, offer relevant and accessible mobility services, design vehicles for specific uses, and develop cutting-edge software platforms...
