

# MOBILIZE

## PRESS RELEASE

14/03/2024

## MOBILIZE: A SINGLE ENTRY POINT FOR SUSTAINABLE MOBILITY

March 20-21, 2024

Parc des Expositions, Pavillon 6, Porte de Versailles, Paris, France

Booth E1

- Mobilize will be attending the Autonomy Mobility World Expo to present its solutions for shared mobility, recharging and fleet management.
- A Megane E-Tech electric will be on display to demonstrate the customer journey in the 'Mobilize Share' smartphone application, and will be connected to the Mobilize PowerBox recharging station,
- On March 20, as part of the "Fleet & Corporate Mobility Summit", Mobilize Power Solutions will be hosting a conference from 10.15am to 10.45am on ["Electric mobility or how to successfully decarbonise your fleet and anticipate energy needs."](#)

### Shared mobility solutions

- **Mobilize Share:** a digital vehicle-sharing solution dedicated to the needs of companies and their employees, adaptable to existing vehicles or a new fleet, fully customizable and powered by **glide.io** digital tools for optimal fleet management, with technology adapted to all types of vehicle.
- **Duo & Bento :** 100% electric, compact, connected, comfortable and safe vehicles to meet the travel needs of individuals, businesses and professionals in urban and suburban areas, and to give them access to restricted traffic zones.

## Customized and turnkey charging solutions

**Mobilize Power Solutions** facilitates the adoption of electric vehicles by Renault network private customers, professionals and local authorities with solutions for charging at work, at home and on the road:

- Solutions compatible with all makes and types of vehicle, including the [Mobilize PowerBox](#) .
- Customized support at every stage of the project: consulting, design, installation, operation, maintenance and financing.
- A supervision platform to centralize the fleet's recharging activity, enabling the management of user access to recharging stations, consumption analysis, budget control and retrieval of monthly invoices.
- 'Mobilize Business Pass' charging badge for charging at company sites, at employees' homes or at public charging stations. Coupled with the 'Mobilize Power Solutions' application, it gives access to a network of over 600,000 charging points in Europe.

## Solutions for monitoring and optimising fleet management

- **Mobilize Fleet Connect** is an online and mobile platform for smart, simple fleet management. It provides a complete service encompassing data on vehicle operation, as well as financial and mobility aspects. Fleet managers are able to better plan expenditure, manage maintenance, and reduce both energy consumption and carbon emissions by planning business travel in advance using geolocation data.
- And for companies wishing to keep their existing management system, **Mobilize Fleet Data** provides easy access to raw vehicle data such as mileage, maintenance and operation alerts, range for electric vehicles, and geolocation, as well as driving information such as current fuel and energy consumption, and an eco-driving score for educational purposes.

### About Mobilize

Mobilize, the brand of Renault Group dedicated to new mobility, offers a wide range of services around the vehicle thanks to an integrated technological platform: financing, insurance, payments, fleet management, energy, maintenance, and refurbishing. Built around open ecosystems, Mobilize encourages a sustainable energy transition, in line with Renault Group's goal of achieving carbon neutrality in Europe by 2040, and its ambition to develop value from the circular economy.
